

Parking:

1. Drop passengers off at the banquet hall.
2. Continue down the hill (Sherman St), and make a left on Pulaski Ave. The parking lot is ½ block on the right.
3. Using the main parking lot helps allow neighbors to park in front of their houses. If you wish to find street parking, please follow these rules:
 - a. Don't park in front of East End Fire's garage door - despite its size, there really is a large fire truck in there that must be able to get out on very short notice.
 - b. Don't park along any yellow curbs. The fire truck needs a lot of room to maneuver.
 - c. Don't park in the lot on the corner immediately uphill from the hall. This is the private property of East End Fire Company (it's well marked), and for use by their patrons only.
 - d. Don't park in front of any driveways or garages, or close enough that it makes it difficult for the owner to get in or out.
 - e. Don't park directly across the street from garages if it may make it difficult for the owner to get in or out.
